Loading Instructions for Program for Agitator

To run the package unzip agit.zip and copy files in a folder on hard disk (not on desk top). While running AutoCAD program, click on tools ->Options (or Preferences) -> Files -> + of Support File Search Path -> Add -> Browse -> Select the folder. This is as shown below.

Click on Add and then on Browse

Select the folder in which all program files are saved.

The folder in which all program files are saved, will be added to search path. Click on Apply and then on OK.

```
Command:
Command: (load "agit")
Loading Agitator Program, Please wait .
Type agit and press <enter> to start
Command:
```

Open trial.dwg drawing provided with package or use the open drawing1.dwg to start. (A1 and A1i are template drawings. Do not make any changes in those drawings). At command prompt Type (load "agit.lsp") and press enter. A message will appear: Type agit and press enter to start. At command prompt, type agit and press enter. The trial program will start.
