revised by OMCs on quarterly basis if there is a variation of minimum 2% in Diesel rates from last revision benchmark rate.

The formula for the same shall be as under:

Increase / Decrease = Increase/Decrease in 1 Litre of HSD RSP (Rs/Ltr)

(in Rs. /KL / Km) 34 KL x 3.5 KM/Ltr

Benchmark rate will be calculated on a quarterly basis one month before the beginning of the applicable quarter as under:

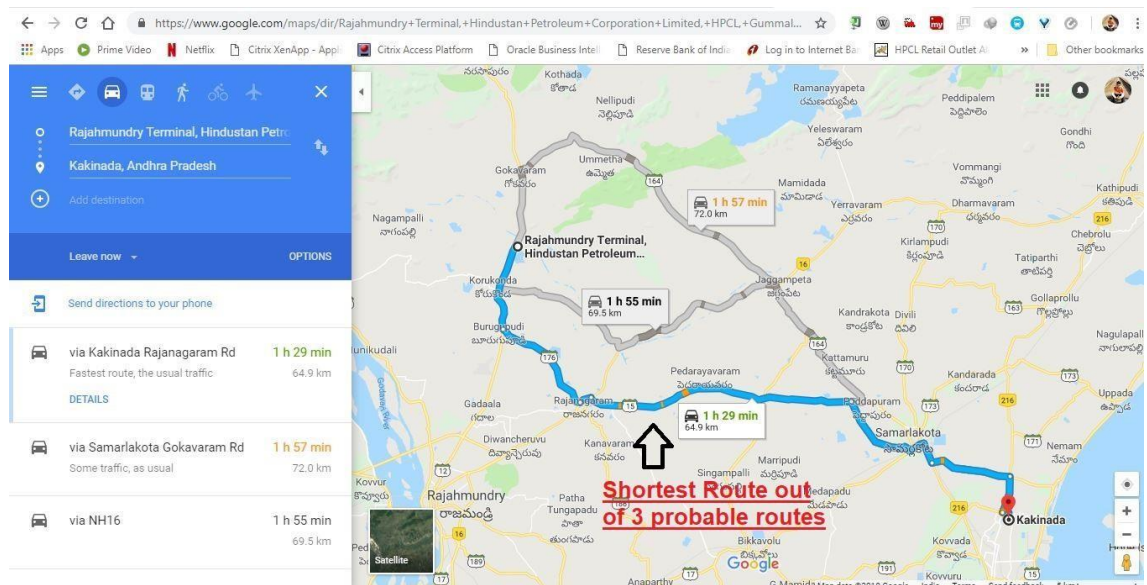

Benchmark Rate = Average RSP of HSD for preceding 3 Months for Delhi, Mumbai, Kolkata and Chennai City i.e. For Period (Feb-Apr.25), the benchmark rate will be average RSP of HSD for Oct-Dec.24 and likewise for Period (May-Jul.25), the benchmark rate will be average RSP of HSD for Jan-Mar.25.

g) Goods and Service Tax (GST) in %: GST @5% is applicable for HSN code 3826 for Biodiesel.

h) Delivered cost will be total of Basic rate for Biodiesel, transportation rates and GST as applicable.

3. EVALUATION / ORDER AWARD CRITERIA:

- a. Bidders have to offer locations wise quantities for the procurement period (April 2025 - July 2025) from their supplying location.
- b. Based on the Lat-Long provided by the bidder of their respective supplying plants, OMC shall calculate the distance of the Bidder's Supply Plants to OMC location thru the google maps. The distance thus arrived shall be final and the transportation rates/slab shall be binding on the supplier. Illustration of Google maps distance is as below:

**EOI no. – OMC/EOI/NUCO/BD/MAR25 (CYCLE1) Tender ID -

**Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-
2022) from Non-UCO Feedstocks, at OMC locations**

The shortest distance out of the three/available routes at the time of evaluation will be taken for calculating the distance between Supplier's Plant and OMC location.

c. All the bidders will be evaluated as per Bid Qualification Criteria and qualified bidders from this stage will be eligible for further evaluation.

d. Distance of Existing successful bidders to OMC locations for whom distance will be verified through google maps (illustrated as above), same shall be taken for evaluation of Bids for this tender and shall remain sacrosanct for the same plant of the bidder-OMC location combination for the current EOI period.

e. All other bidders who have provided the Lat-long of their supplying plant as per Google Maps. OMCs shall consider the Latitude & Longitude of the bidder stated in this EOI for calculation of distances during evaluation through google maps.

f. This delivered Rates (rounded off to two decimals) shall be considered for allotment at various locations based on minimum overall financial cost up to Location's Requirement. In any case, Location's requirement will not be exceeded.

g. The ranking of L1...Ln of the bidders will be done based on Delivered Rate for each location. Allocation will be done based on minimum overall financial costs to OMCs. If in case there are multiple bidders at any rank for any location, the allocation, if necessary for that ranking, shall be made based on the ratio of their offered quantity.

h. Excess offers at any OMC locations shall remain unallocated. OMCs may publish further rounds of EOI (Cycles) for the balance requirement of OMCs for the procurement period.

4. ORDER FULFILLMENT PROCESS:

After the bid evaluations & recommendations, the individual oil companies will be taking their own approvals for placement of orders & further activities pertaining to order placement & post order placement will be dealt by individual oil companies IOCL / BPCL / HPCL.

OMCs on their sole discretion may shift up to 20% allocated quantity of the bidder to alternate supply location, at applicable delivered cost (Basic price + applicable transportation charges based on distance worked out for alternate location).

Any quantity beyond 20% may be shifted with mutual consent.

5. DELIVERY PERIOD:

Please note that timely delivery by the Bidder as per the delivery schedule given by OMCs are the essence of the contract. LOIs will be issued by respective OMC i.e. BPCL / IOCL / HPCL. Bidders are required to submit the agreement, security deposit & type test certificate in the format IIIA and IIIB given in the EOI document, within 7 days from date of LOI.

Also, the bidders to offer their batch for joint sampling[#] within 7 days from date of LOI. As Joint Sampling and its results (Sample meeting specifications) is involved in placement of PO, the PO

Quantity shall be prorated as per the date of clearance of the joint sample.

#The vendors who have successfully supplied the product without any incident of TT sample failure since last Joint sample test report (Meeting specifications as per IS15607), will be exempted from Joint sampling for one year from the last test report issuance date. All other suppliers not meeting above criteria shall undergo the joint sampling and testing process before commencing the supplies under the next EOI for period Apr'25-Jul'25.

If all LOI formalities like submission of Security Deposit, Agreement, Type Certificate and offer of batch for joint sampling (if applicable) are not completed within 21 days of issuance of LOI, the LOI shall stand cancelled, and the bidder may be de-barred from participating in upcoming EOIs. The bidder shall be informed by respective OMC regarding cancellation of the LOI.

The supply should commence within 3 days from the date of report (Meeting specifications) of Joint Samples (If applicable) or first date of the contract period whichever is later. The Location shall place prorated monthly indents / schedule for supplies of Bio Diesel (B-100) by the Suppliers considering the allocations and will be given to the Bidder along with the Purchase order.

OMC reserves the right to change monthly indent with 07 days advance notice.

The procurement/supply period may be extended with mutual consent up to two months beyond the published procurement period at the same rate and terms & conditions.

6. PRICE REDUCTION CLAUSE:

As mentioned under "Delivery Period", the Location shall place monthly indents / schedule for supplies of Bio Diesel by the Suppliers for the contract period and will be given to the Bidder along with the Purchase order.

SD collection in form of BG or deduction from initial invoices shall be done @3% of base value (excl. transportation & GST) of allocated quantity.

Supply performance for PRC calculation:

- A. Minimum 90% of the prorated PO/Indent quantity (whichever is lower) every month. OR,
- B. Minimum 95% of the prorated PO/Indent quantity (whichever is lower) in the EOI period in case monthly performance is not met.

Failing above, PRC will be calculated for short supply under two conditions and higher of two will be imposed.

PRC shall be calculated as 3% on published basic price (excluding transportation cost & taxes). Any increase/ decrease in prices including any incentives will not be considered for PRC calculation.

The supplier will be allowed to supply balance quantity of a month in the subsequent months. The above option will be provided only if there is Biodiesel requirement at OMC Location, else the supplier will be liable for PRC.

Balance quantity of a month supplied in subsequent months will not attract PRC. Option for supply of

balance quantity of a month in the subsequent months will only be given if the OMC locations requires the product and on sole discretion of the OMC.

There will be a 3% PRC on the basic value of the contract (excluding transportation and taxes) for the deficit quantity to achieve above performance criteria from the prorated monthly PO/Indent quantity (whichever is lower) (keeping the overall lapse due to TT capacity limited up to 24 KL). The Vendor shall strictly adhere to the supply schedule i.e., day wise indent (based on monthly pro-rata PO qty) provided by OMC location.

However, if there is any delay in placement of PO for reasons not attributable to the suppliers; the monthly prorated indent shall be calculated after adjusting the delay. Alternatively, the total PO quantity may be reduced proportionately on mutual consent.

7. Earnest Money Deposit (EMD):

EMD is exempted for this EOI, Bidder need not deposit any EMD. Bidders need to upload duly signed Bid Securing declaration in the format given in the EOI document **Annexure - B**.

8. SECURITY DEPOSIT:

An amount equivalent to 3% of the basic cost of the LOI quantity shall be deposited by the bidder within 7 days of placement of LOI. The above shall be in the form of BG/DD/ retention of SD amount from initial invoices.

Bank Guarantee amount will be @ 3% of the basic cost of total allocation under the supply period.

In case of retention of Security deposit from initial invoices the same will be deducted @3% of the basic cost of the allocated quantity.

In case nil supply is made by the supplier, then PRC shall be recovered by encashing the Security Deposit. In case where Nil supplies are made against a firm PO and the vendor has opted for retention of SD amount from initial invoices, the vendor will arrange to deposit the PRC amount with respective OMC. In case such amount is not deposited within three months of the completion of the supply period, action as deemed fit may be taken by the industry which may include de-registration of the vendor from empaneled list. The bidders are advised to take note of the same.

The vendors will have to submit BG with validity for entire supply period, with an additional claim period of six months.

The BG pertaining to the delivery period shall be returned on successful completion of supply for the delivery period i.e Apr'25- Jul'25, after reconciliation of accounts after adjusting the dues, if any.

Security deposit deducted from invoices will be returned on successful completion of supply period, after reconciliation of accounts after adjusting the dues, if any.

Reconciliation should be completed within 30 days of end of supply period. Responsibility of reconciliation lies with vendor. However, OMCs will extend their support for reconciliation.

After finalization of Tender jointly by OMCs, individual OMC (IOC/BPC/HPC) controlling offices for the OMC locations will issue LOI/LOAs to the Bidder. Thereafter the Bidder will be required to submit

Security Deposit and sign Supply Agreements separately with individual OMC controlling offices for the location as per quantity allocated to the bidder. Thus, the bidder will be required to submit state/region wise Security Deposit to each OMC.

Security deposit in the form of BG or DD /Letter for retention of SD amount from initial invoices should be submitted by all bidders within 7 days of placement of LOI/LOA.

In case of BG, Bidder needs to submit an additional letter which will be obtained from the issuing bank on its letterhead. The banks letter should be addressed to respective OMC & should contain the same BG reference which shall be enclosed along with the letter. This letter must be submitted in original only. (Copy of this letter will not be accepted).

BG to be made by issuing bank on stamp paper of appropriate value as per the law / rules prevailing in the political state of BG issuing bank.

PO will be issued after submission of the above documents.

9. BASIS OF ORDER:

Order will be placed on Delivered rate (including Transportation charges and applicable GST). During the contract period, Bidder will be paid GST as applicable from time to time. Transportation and GST charges as applicable will be paid extra. Basic price of Biodiesel will be Rs. 80.00 per Ltr for EOI period.

10. PAYMENT TERMS:

100% Payment shall be made within 21 days after receipt of material by OMC locations & submission of requisite documents.

11. Transit insurance:

Transit insurance will be in the scope of the supplier. The rates offered to the bidders should be treated as inclusive of insurance charges and applicable taxes/duties etc.

12. VALIDITY OF OFFER:

Validity of offer should be 120 Days from due date of tender opening.

Extension of Contract: The contract may be extended by maximum two months as per requirement of OMCs.

13. CHANGE OF PLANT:

The supplier who has multiple Plants registered with OMC under the EOI, due to some issue in the original plant, supplier shall be allowed to change to alternate plant(s) during the period of contract with following conditions: -

1. The alternate plant(s) can be located in the same state or any other state.
2. Supplier need to submit a letter to OMC on their official letter head stating the valid reason/s for non-supply of Biodiesel quantity from the particular unit.
3. Quantities (subject to OMC acceptance) from the alternate plant, will be allocated by OMCs to the needy locations.

**SPECIFICATIONS FOR BIO DIESEL (B-100)
INDUSTRY SPECIFICATIONS OF BIO DIESEL (B-100) BASED ON
IS15607:2022(As revised from time to time)**

A) SPECIFICATIONS FOR BIO DIESEL(B-100):

1. Biodiesel is defined as a fuel composed of mono-alkyl esters of long chain fatty acids derived from variety of vegetable oils or animal fats or used cooking oil, designated as B-100, and conforming to quality standards prescribed in IS 15607:2022 as revised from time to time (latest revision). OMC's may be carrying out the full specification test of B-100 supplied and in case it is found that product is not meeting specifications, the supplier may be put on holiday listing for one year and the supplier's security deposit may be forfeited. Submission of type certificate, Joint sampling and full specification test will be as per INDUSTRY QUALITY MANUAL FOR BIO DIESEL AND BLENDS 2020, published on 10.08.2020, as amended from time to time.
2. The following 09 tests will be conducted as per IS 15607: 2022. A composite of up to 5 TTs received in a day from same Manufacturer and same batch shall be prepared by Lab for testing of the following parameters. The specification limits for these tests shall be as per IS 15607: 2022: (As revised from time to time)

The nine tests are as follows.

1. Appearance
 2. Density @ 15°C, Kg/m³
 3. Kinematic Viscosity at 40°C, cSt
 4. Flash Point (PMCC), °C
 5. Water Content, mg/kg
 6. Coper strip corrosion ,3 hrs. at 50 °C
 7. Acid value, mg KOH/g
 8. CFPP, °C
 9. Sulphur, mg/Kg
3. In case of first & second instance of TT sample failure at any location, the TT will be rejected. In case of third such event of failure at the same location, show cause notice shall be issued to supplier for explaining the reasons of failure & supply from the vendor shall be suspended for that location. Reply to show cause notice should be given within 10 days of issuance of show cause notice. If satisfactory reply is received from the supplier, fresh batch shall be prepared by the supplier and offer for joint sampling & full specification tests. The supply can be resumed to the location after Joint sample meets full specifications as per IS 15607. Expenses for testing shall be borne by the supplier.

QUALITY OF Bio Diesel (B-100):

The product Bio Diesel (B-100) being supplied to OMC locations shall conform to the specifications (for summer as well as winter) as per IS 15607:2022 as revised from time to time.

OMCs may be carrying out full specification test of Bio Diesel B-100 supplied and in case it is found that product is not meeting specifications, the supplier may be put on Holiday list for one year and the supplier's performance Bank guarantee may be forfeited

**Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-
2022) from Non-UCO Feedstocks, at OMC locations**

Submission of Type Certificate as per the formats given in Annexures IIIA & IIIB of the INDUSTRY QUALITY MANUAL FOR BIO DIESEL AND BLENDS 2020 is a mandatory requirement to demonstrate the capability of Manufacturer to Procurement authority. The same shall be produced by the bidder to procurement authority before placement of PO. Both the annexures IIIA and IIIB are reproduced in subsequent pages of the EOI document.

After award of the contract for NUCO Bio Diesel (PO Placement) and before commencement of supply, 3 X 4 Liters samples from first batch nominated for supply (One set of sample for testing and one each for retention by manufacturer and Oil Company respectively), shall be jointly drawn in presence of Manufacturer's authorized representative and Industry Representative nominated by procurement authority. Sample will be drawn as per latest IS 1447.

If required, OMC may engage reputed third party/Surveyor also for this purpose. Industry representative shall forward the sample to the laboratory mentioned in the INDUSTRY QUALITY MANUAL FOR BIO DIESEL AND BLENDS 2020 for full specification test and testing charges shall be borne by manufacturer. Test report shall be compared with the type certificates submitted by the bidder before placement of PO. Joint sample test reports shall be shared with procurement authority. Upon receipt of type certificate & Joint Sample test report and carrying out due diligence, the procurement authority will advise the Manufacturer for commencement of supply. Samples from subsequent batches shall be drawn by the manufacturer and shall be tested for full specification test before supply to OMCs. A Manufacturer Batch certificate in the format Annexure IIIC (reproduced in the EOI document) shall be submitted with all the supplies made to the OMC location.

The manufacturer shall ensure that the Biodiesel (B100) meets latest IS 15607 specifications at the time of delivery of product to OMCs. Manufacturers shall compare Type Certificate (Annexures IIIA & IIIB) against the batch report/certificate (Annexure IIIC) and in case of any significant deviation observed between type certificate and batch report/certificate test values, same shall be informed in writing to receiving location as well as to procurement authority. The copy of type certificate shall also be submitted in case of significant deviation.

Bio Diesel Manufacturer shall mandatorily submit annexure IIIB of the Type Certificate which shall be issued by any one of the following laboratories. He shall also submit the declaration as per Annexure III A to the concerned laboratory from where the Annexure III B is intended to be issued, as well as enclose the same with the annexure III B while submitting to the procurement authority along with the bid.

Also, the manufacturer will submit with each tank truck "Tank Truck Inspection / Cleaning /Grade Change Over Certificate for Use of Biodiesel (B100)" as per Annexure VI of Industry Quality Manual for Bio Diesel and Blends published in Aug 2020.

Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-2022) from Non-UCO Feedstocks, at OMC locations

Receipt of Biodiesel at OMC Locations

1. B100 shall be received at Installations/Terminals /Depots from the approved manufacturers in tank trucks. All care shall be taken to prevent ingress of water into the compartments during transportation. Tank Trucks shall be made of Aluminum, Mild Steel or Stainless Steel. Vehicles with Epoxy Coating shall not be used for transportation of B100. The tank trucks having any other inner coating must be compatible with B100. Trucks which had carried B100/HSD/HSD-Biodiesel Blends in the previous trip shall only be used for carrying B100. In case of exigency, usage of truck on service with other products is allowed subject to cleaning, grade changeover measures and proper inspection by Manufacturer to ensure quality of B100 at delivery point.
2. Before loading B- 100, it must be ensured that there is no residual water even in traces in the truck compartment.
3. The consignment of B100 must carry manufacturer batch certificate conforming to latest IS 15607. The manufacturer shall provide the details such as the Batch number, certified Batch Quantity, Type of Raw Material used etc. in the manufacturer batch certificate. (Refer Annexure IIIC).
4. On arrival, TT shall be checked for intactness of seals, batch quality certificate, fitness certificate (Annexure VI) & quantity of the product.
5. Bottom samples from individual tank truck compartments shall be drawn after draining pipeline quantity and checked for appearance and density. Drained product may be put back to respective compartments immediately, because of highly hygroscopic nature of product. Clean Aluminum / Stainless Steel containers shall be used for sampling & storage of B100 samples.

If the appearance of the product from any of the compartment samples is found deviating from the requirement of 'bright & clear, free from visible impurities, suspended matter, haze' and / or the density variation of sample from any of the compartment tested is found beyond +/-2.0 kg/m³ with respect to certified batch density by manufacturer, the TT shall be rejected.

6. If the above samples mentioned in above point no. 5, meet appearance test (bright & clear, free from visible impurities, suspended matter, haze) and the density variation of each sample tested is, within +/-2.0 Kg/M³ with respect to certified batch density by manufacturer, proportionate composite of all bottom compartment samples of each truck (Two sets-1 X 1 litre each) shall be made by the location.

The entire operation mentioned above shall be done in the least possible time since Biodiesel has tendency to absorb atmospheric moisture upon longer exposure. The samples shall be jointly drawn, sealed, labelled & signed by the authorized representative of the transporter and the receiving officer of the OMC. Out of two sets of composite samples, one set of TT sample shall be sent

Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-2022) from Non-UCO Feedstocks, at OMC locations

to nearest lab for testing for following parameters and other set shall be retained till 15 days.

7. A composite of up to 5 TTs received in a day from same Manufacturer and same batch shall be prepared by Lab for testing of the following parameters. The specification limits for these tests shall be as per latest IS 15607

- 1) Appearance
- 2) Density @ 15°C
- 3) Kinematic Viscosity at 40°C
- 4) Flash Point (PMCC) °C
- 5) Water Content, mg/kg (Karl Fischer Coulometric titration technique to be used as per ISO 12937)
- 6) Coper strip corrosion ,3 hrs. at 50 °C
- 7) Acid value, mg KOH/g (Manual titration method IS 1448: P-2/ASTM D 974 may be used wherever potentiometric titration is not available)
- 8) CFPP, °C
- 9) Sulphur, mg/Kg

8. The TT shall be decanted if the product meets above Nine parameters in the laboratory tests.

However, in case of failure of composite sample in any of the test parameter(s) mentioned above, individual TT shall be tested for the failed parameter(s) and report released accordingly. The TTs which are not meeting the specification in any of the above parameters shall be rejected. In case of first & second instance of TT sample failure at any location, the TT will be rejected. In case of third such event of failure at the same location, show cause notice shall be issued to supplier for explaining the reasons of failure & supply from the vendor shall be suspended for that location. Reply to show cause notice should be given within 10 days of issuance of show cause notice. If satisfactory reply is received from the supplier, fresh batch shall be prepared by the supplier and offer for joint sampling & full specification tests. The supply can be resumed to the location after Joint sample meets full specifications as per IS 15607. Expenses for testing shall be borne by the supplier.

OMCs reserve the right to test sample from any of the TT of any supplier for any one or more parameters as per latest IS 15607 and its amendments. If the sample fails to meet specifications in any one or more parameters, the TT shall be rejected.

6. PAYMENT TERMS:

100% payment shall be made within 21 days from date of receipt and acceptance of Biodiesel at the Delivery Location and on submission of Original Tax Invoice etc., as applicable.

7. SUPPLY PERIOD:

The supply period for Bio-diesel supply will be as follows (first day of first month of the supply period to last day of the last month of the supply period plus any extension provided)
Supply period – 01.04.2025-31.07.2025

8. SECURITY DEPOSIT:

An amount equivalent to 3% of the basic cost of the LOI quantity shall be deposited by the bidder within 7 days of placement of LOI. The above shall be in the form of BG/DD/ retention of SD amount from initial invoices.

Bank Guarantee amount will be @ 3% of the basic cost of total allocation under the supply period.

In case of retention of Security deposit from initial invoices the same will be deducted @3% of the basic cost of the allocated quantity.

In case nil supply is made by the supplier, then PRC shall be recovered by encashing the Security Deposit. In case where Nil supplies are made against a firm PO and the vendor has opted for retention of SD amount from initial invoices, the vendor will arrange to deposit the PRC amount with respective OMC. In case such amount is not deposited within three months of the completion of the supply period, action as deemed fit may be taken by the industry which may include de-registration of the vendor from empaneled list. The bidders are advised

**EOI no. – OMC/EOI/NUCO/BD/MAR25 (CYCLE1) Tender ID -

**Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-
2022) from Non-UCO Feedstocks, at OMC locations**

to take note of the same.

The vendors will have to submit BG with validity for entire supply period, with an additional claim period of six months.

The BG pertaining to the delivery period shall be returned on successful completion of supply for the delivery period i.e Apr'25- Jul'25, after reconciliation of accounts after adjusting the dues, if any.

Security deposit deducted from invoices will be returned on successful completion of supply period, after reconciliation of accounts after adjusting the dues, if any.

Reconciliation should be completed within 30 days of end of supply period. Responsibility of reconciliation lies with vendor. However, OMCs will extend their support for reconciliation.

After finalization of Tender jointly by OMCs, individual OMC (IOC/BPC/HPC) controlling offices for the OMC locations will issue LOI/LOAs to the Bidder. Thereafter the Bidder will be required to submit Security Deposit and sign Supply Agreements separately with individual OMC controlling offices for the location as per quantity allocated to the bidder. Thus, the bidder will be required to submit state/regionwise Security Deposit to each OMC.

Security deposit in the form of BG or DD /Letter for retention of SD amount from initial invoices should be submitted by all bidders within 7 days of placement of LOI/LOA.

In case of BG, Bidder needs to submit an additional letter which will be obtained from the issuing bank on its letterhead. The bank's letter should be addressed to respective OMC & should contain the same BG reference which shall be enclosed along with the letter. This letter must be submitted in original only. (Copy of this letter will not be accepted).

BG to be made by issuing bank on stamp paper of appropriate value as per the law / rules prevailing in the political state of BG issuing bank.

PO will be issued after submission of the above documents.

9. PRICE REDUCTION CLAUSE:

As mentioned under "Delivery Period", the Location shall place monthly indents / schedule for supplies of Bio Diesel by the Suppliers for the contract period and will be given to the Bidder along with the Purchase order.

SD collection in form of BG or deduction from initial invoices shall be done @3% of base value (excl. transportation & GST) of allocated quantity.

Supply performance for PRC calculation:

- C. Minimum 90% of the prorated PO/Indent quantity (whichever is lower) every month.
OR,
- D. Minimum 95% of the prorated PO/Indent quantity (whichever is lower) in the EOI period

**EOI no. – OMC/EOI/NUCO/BD/MAR25 (CYCLE1) Tender ID -

**Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-
2022) from Non-UCO Feedstocks, at OMC locations**

in case monthly performance is not met.

Failing above, PRC will be calculated for short supply under two conditions and higher of two will be imposed.

PRC shall be calculated as 3% on published basic price (excluding transportation cost & taxes). Any increase/ decrease in prices including any incentives will not be considered for PRC calculation.

The supplier will be allowed to supply balance quantity of a month in the subsequent months. The above option will be provided only if there is Biodiesel requirement at OMC Location, else the supplier will be liable for PRC.

Balance quantity of a month supplied in subsequent months will not attract PRC. Option for supply of balance quantity of a month in the subsequent months will only be given if the OMC locations requires the product and on sole discretion of the OMC.

There will be a 3% PRC on the basic value of the contract (excluding transportation and taxes) for the deficit quantity to achieve above performance criteria from the prorated monthly PO/Indent quantity (whichever is lower) (keeping the overall lapse due to TT capacity limited up to 24 KL). The Vendor shall strictly adhere to the supply schedule i.e., day wise indent (based on monthly pro-rata PO qty) provided by OMC location.

However, if there is any delay in placement of PO for reasons not attributable to the suppliers; the monthly prorated indent shall be calculated after adjusting the delay. Alternatively, the total PO quantity may be reduced proportionately on mutual consent

10. TRANSIT INSURANCE:

The transit insurance for Biodiesel being delivered to the Purchaser will be in the scope of the Supplier.

11. DELIVERED SUPPLY

The Supplier will effect delivered supply thru sealed calibrated tank-trucks (calibrated by statutory agencies and also complying to all statutory regulations) to Purchaser's (i.e., Oil Company's) Delivery Location(s) as per Purchaser's delivery schedule and ensure desired quantity and quality at the time of delivery. The Supplier will ensure that no malpractice with respect to Biodiesel being carried, takes place enroute.

The custody of Biodiesel will transfer from Supplier to Purchaser at Purchaser's Delivery Location (subject to quantity & quality checks). The rules and procedures of Statutory Agencies as well as OMC Delivery locations will be binding for Tank-Trucks and Tank-Truck Crew sent by theSupplier.

The Purchaser/ Purchaser's representative will check sample from each compartment of the Tank-truck to ensure that same meets desired specification and thereafter take decision regarding acceptance/ rejection of the Truck Load. The decision of the Purchaser regarding acceptance/ rejection on quality ground will be final and binding on the Supplier.

The Purchaser/ Purchaser's representative will take dips of Tank-Trucks on receipt and perform other quantity checks (before & after decanting). In case of any observed shortages/ malpractices, take any of following actions and Supplier will not have objection for the same:

Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-2022) from Non-UCO Feedstocks, at OMC locations

- (i) Return the Truck Load, if major shortages or quality issues are observed
- (ii) Book the shortages as observed and deduct the amount from pending bills of the Supplier

If repeated major shortages are observed in Truck loads, Purchasers will have the right to advise Supplier not to send any particular Truck, Transporter and/or Truck Crew and Supplier will have to abide by the same.

12. DELIVERY PERIOD (Commencement of Supplies)

Bidders are required to submit the type certificate approval, agreement, and security deposit within 7 days from date of LOI. Also, the supplier will be required to offer the production batch for joint sampling (if not exempted) within 7 days from the date of LOI/LOA. The supply should commence within 3 days from the date of release of test report of joint sample (Meeting specifications).

The Location shall place indents for supplies of Bio Diesel (B-100) by the Suppliers for entire procurement period considering the allocations and will be given to the Bidder along with the Purchase order.

The supplier shall strictly adhere to the supply schedule and achieve supply performance of a minimum of 90% of the monthly PO/Indent quantity or 95% of the EOI period quantity, as mentioned in sl. No (9) above.

PRC will be applicable for the quantity that will not be supplied by the bidder to reach 90% of Monthly PO/Indent quantity or 95% of the EOI period quantity, as mentioned in sl. No (9) above in the supply period.

In case of any exigency arising out of any situation at any OMC location, 20% of LOI/PO quantities may be shifted from one location to another at the applicable delivered cost (basic price+ applicable transportation charges based on distance worked out on the basis of "Latitude and Longitude" of the location as indicated by the bidder in technical bid and applicable GST), This shall be exercised at the sole discretion of the -----(Name of the OMC). Any quantity beyond 20% may be shifted with mutual consent.

13. FORCE MAJEURE CLAUSE:

- I. Definition: The term Force Majeure means any event or circumstance or combination of events or circumstances that affects the performance by the vendor of its obligations pursuant to the terms of this Agreement (including by preventing, hindering or delaying such performance), but only if and to the extent that such events and circumstances are not within Supplier reasonable control and were not reasonably foreseeable and the effects of which the Supplier could not have prevented or overcome by acting as a Reasonable and Prudent person or, by the exercise of reasonable skill and care. Force Majeure events and circumstances shall in any event include the following events and circumstances to the extent they or their consequences satisfy the requirements set forth above in this Clause:
 - (i) The effect of any element or other act of God, including any storm, flood, drought, lightning, earthquake, tidal wave, tsunami, cyclone or other natural disaster;
 - (ii) Fire, accident, loss or breakage of facilities or equipment, structural collapse or explosion
 - (iii) Epidemic, plague or quarantine;
 - (iv) Air crash, shipwreck, or train wreck;
 - (v) Acts of war (whether declared or undeclared), sabotage, terrorism or act of public

enemy (including the acts of any independent unit or individual engaged in activities in furtherance of a programme of irregular warfare), acts of belligerence of foreign enemies (whether declared or undeclared), blockades, embargoes, civil disturbance, revolution, rebellion or insurrection, exercise of military or usurped power, or any attempt at usurpation of power;

- (vi) Radioactive contamination or ionizing radiation;
- (vii) Order or direction of Courts or Statutory authorities

Notice and Reporting:

- a. The Supplier shall as soon as reasonably practicable after the date of commencement of the event of Force Majeure, but in any event no later than seven (7) days after such commencement date, notify OMC in writing of such event of Force Majeure and provide the following information:
 - i. reasonably full particulars of the event or circumstance of Force Majeure and the extent to which any obligation will be prevented or delayed;
 - ii. such date of commencement and an estimate of the period of time required to enable the Supplier to resume full performance of its obligations; and
 - iii. all relevant information relating to the Force Majeure and full details of the measures the vendor is taking to overcome or circumvent such Force Majeure.

The Supplier shall, throughout the period during which it is prevented from performing, or delayed in the performance of, its obligations under this Agreement, upon request, give or procure access to examine the scene of the Force Majeure including such information, facilities and sites as the Purchaser may reasonably request in connection with such event. Access to any facilities or sites shall be at the risk and cost of the Purchaser requesting such information and access.

Mitigation Responsibility:

- (i) The Supplier shall use all reasonable endeavors, acting as a Reasonable and Prudent Person, to circumvent or overcome any event or circumstance of Force Majeure as expeditiously as possible, and relief under this Clause shall cease to be available to the Supplier claiming Force Majeure if it fails to use such reasonable endeavors during or following any such event of Force Majeure.
- (ii) The Supplier shall have the burden of proving that the circumstances constitute valid grounds of Force Majeure under this Clause and that it has exercised reasonable diligence efforts to remedy the cause of any alleged Force Majeure. The Supplier shall notify the Purchaser when the Force Majeure has terminated or abated to an extent which permits resumption of performance to occur and shall resume performance as expeditiously as possible after such termination or abatement.

Consequences of Force Majeure: Provided that the Supplier has complied and continues to comply with the obligations of this Clause and subject to the further provisions:

- (i) the obligations of the Supplier under this Agreement to the extent performance thereof is prevented or impeded by the event of Force Majeure shall be suspended and the Supplier shall not be liable for the non-performance thereof for the duration of the period of Force Majeure; and
- (ii) the time period(s) for the performance of the obligations of Supplier under this Agreement to the extent performance thereof is prevented or impeded by the event of Force Majeure shall be extended for the duration of the relevant period of Force Majeure except as provided herein.

Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-2022) from Non-UCO Feedstocks, at OMC locations

Force Majeure Events Exceeding 10 Days

If an event or series of events (alone or in combination) of Force Majeure occur, and continue for a period in excess of 10 consecutive days, then Purchaser shall have the right to terminate this agreement, whereupon the Parties shall meet to mitigate the impediments caused by the Force Majeure event.

14. CHANGE OF PLANT:

The supplier who has multiple Plants registered with OMC under the EOI, due to some issue in the original plant, supplier shall be allowed to change to alternate plant(s) during the period of contract with following conditions: -

1. The alternate plant(s) can be located in the same state or any other state.
2. Supplier need to submit a letter to OMC on their official letter head stating the valid reason/s for non-supply of Biodiesel quantity from the particular unit.
3. Quantities (subject to OMC acceptance) from the alternate plant, will be allocated by OMCs to the needy locations.
4. The revised transportation rate as applicable shall be payable.
5. Change of plant is allowed for:
 - Plants belonging to one company.
 - Plants belonging to the holding company or wholly owned subsidiary of the supplier company.
6. Certificate from practicing chartered accountant/ company secretary needs to be submitted to establish that new supplier is either a holding company or wholly owned subsidiary of the original supplier company.

15. LIABILITY CLAUSE:

In case where it is necessary for employees or representatives of the Supplier to go upon the premises of Supplier, Vendor agrees to assume full responsibility for the proper conduct of such employees/representatives while on said premises of the Purchaser and to comply with all applicable Workmen's Compensation Law and other applicable Government Regulations and Ordinances and all plant rules and regulations particularly in regard to safety precautions and fire hazards. Supplier shall hold himself responsible for any claim or claims which they or their heirs, dependent or personal representatives, may have or make, for damages or compensation for anything done or committed to be done, in the course of carrying out the work covered by the PO, whether arising at Purchasers premises or elsewhere and agrees to indemnify the Purchaser against any such claims, if made against the Purchaser and all costs of proceedings, suit or actions which Purchaser may incur or sustain in respect of the same.

16. COMPLIANCE OF REGULATIONS:

Supplier warrants that the Product covered by this Contract have been produced, sold, dispatched, delivered and furnished in strict compliance with all applicable laws, regulations, labour agreement, working condition and technical codes and statutory requirements as applicable from time to time. The Supplier shall ensure compliance with the above and shall indemnify Purchaser against any actions, damages, costs and expenses of any failure to comply as aforesaid.

17. ARBITRATION CLAUSE:

- (i) Any dispute or difference arising under or in connection with this contract shall be referred

Quantity Bidding for Procurement of Bio Diesel (B100: IS15607-2022) from Non-UCO Feedstocks, at OMC locations

to a Sole Arbitrator as per the provisions of the Indian Arbitration and Conciliation Act 1996 as amended vide Arbitration & Conciliation (Amendment) Ordinance 2015 dated 23.10.2015

- (ii) The award of the Arbitrator so appointed shall be final, conclusive, and binding on all the parties to the contract and the law applicable to arbitration proceedings will be the Arbitration and Conciliation Act, 1996 or any other enactment in replacement thereof.
- (iii) The language of the proceedings will be in English, and the place of proceedings will be at the State Capital of the Purchaser's location where Biodiesel under current Agreement was being received
- (iv) The parties hereby agree that the Courts in the city of alone shall have jurisdiction to entertain any application or other proceedings in respect of anything arising under this Agreement and any Award or Awards made by the Sole Arbitrator hereunder shall be filed, if required, in the concerned Courts.

18. REJECTION, REMOVAL OF REJECTED GOODS AND REPLACEMENT:

In case the testing and inspection at any stage by Inspectors reveal that the Biodiesel do not comply with specification and requirements, the same shall be removed by the Supplier at his/its own expense and risk, within the time allowed by the Purchaser. The Purchaser shall be at liberty to dispose off such rejected Biodiesel in such manner as he may think appropriate. In the event Supplier fails to remove the rejected Biodiesel within the period as aforesaid, all expenses incurred by the Purchaser for such disposal shall be to the account of Supplier. The freight paid by the Purchaser, if any, on the inward journey of the rejected materials shall be reimbursed by Supplier to the Purchaser before the rejected materials are removed by Supplier. Supplier will have to proceed with the replacement of the Biodiesel without claiming any extra payment if so required by the Purchaser. The time taken for replacement in such event will not be added to the contractual delivery period.

19. NON-WAIVER:

Failure of the Purchaser to insist upon any of the terms or conditions incorporated in the Purchase Order or failure or delay to exercise any rights or remedies herein, or by law or failure to properly notify Supplier in the event of breach, or the acceptance of or payment of any goods hereunder or approval of design shall not release the Supplier and shall not be deemed a waiver of any right of the Purchaser to insist upon the strict performance thereof or of any of its or their rights or remedies as to Biodiesel procurement regardless of when Biodiesel was dispatched, received or accepted nor shall any purported oral modification or revision of the PO by -----(Name of the OMC) act as waiver of the terms hereof. Any waiver to be effective must be in writing. Any lone incident of waiver of the any condition of this agreement by (Name of the OMC) shall not be considered as a continuous waiver or waiver for other condition by (Name of the OMC).

20. CANCELLATION:
